iCARE Study – Survey 10

Study Description:

This study seeks to understand the experiences people are having around the world during the COVID-19 (coronavirus) pandemic. It is being conducted by an international team of over 200 researchers, led by Drs. Kim Lavoie and Simon Bacon in Canada.

Anyone can participate. The study involves completing a short survey that takes about 20 minutes to answer. You cannot save your answers and come back later, so please make sure to give yourself enough time.

Keep in mind that you can stop participating at any time. You can also skip any question you do not want to answer.

Our findings will be available to anyone at: www.mbmc-cmcm.ca/covid19.

Anonymity and Security:

All answers will be anonymous. We will not ask anything that can identify you personally. Participating does not involve any risks.

All data will be stored for 10 years on a Canadian University server (University of Quebec at Montreal). Data will be password protected, and only accessed by authorized individuals, such as team members. We will also share data with national and international research collaborators in line with international data sharing agreements supported by the Fonds de la recherche du Québec.The study was approved by the Research Ethics Committee of the CIUSSS-NIM (Centre intégré universitaire de santé et de services sociaux du Nord de l'Île de Montréal: https://www.ciusssnordmtl.ca/).

During the study, please remember:

- A red asterisk (*) appears next to required questions. If you do not wish to answer required question, click "I don't know/I prefer not to answer" to continue.
- If you have difficulty viewing the survey, please try a different device and/or web browser.

If you have any questions, please email us at: covid19study@mbmc-cmcm.ca.

If you agree to participate, please click "Next".

C. VACCINATION

16. Have you received a COVID-19 vaccine?
    a. No
    b. Yes, partially (one dose out of a two dose vaccine)
    c. Yes, two doses out of a two dose vaccine
    d. Yes, a single dose of a one-dose vaccine
    e. I don't know/I prefer not to answer

17. If a vaccine for COVID-19 were available to you today, what is the likelihood that you would get vaccinated?
    - Extremely likely
    - Somewhat likely
    - Somewhat Unlikely
    - Extremely unlikely
    - I don't know/I prefer not to answer

Commenté [K4]: If Q16 = a

18. How concerned are you about how long it will take for you to receive the vaccine?

    a. Extremely concerned
    b. Somewhat concerned
    c. Not very concerned
    d. Not at all concerned
    e. I don't know/prefer not to answer

19. A- To what extent would the following influence your decision to get the COVID-19 vaccine?

Commenté [K5]: If Q16= a

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
Trusting the company who developed the vaccine (Pfizer, Moderna, Sinopharm, etc.)						
Having information that the vaccine is safe and unlikely to have any major long-term side effects						
Having information that the vaccine is effective (i.e., provides a high degree of protection)						
Believing that I am high risk of getting infected with COVID-19						
Hearing that other people have positive attitudes towards the vaccine

Seeing more people getting the vaccine						
Learning that being vaccinated would allow me to attend public events (e.g., concerts, sporting events) or travel						
Wanting to do my part to achieve 'herd immunity' (when enough people are vaccinated everyone achieves immunity)						
Getting a recommendation from my employer to get vaccinated						
Only needing one dose of the vaccine to be protected						
Believing that getting vaccinated would reduce my worries and anxiety						
Getting a recommendation from my doctor to get vaccinated						
Being able to receive all the recommended doses of the vaccine						
The convenience of getting the vaccine (e.g., requires little time, no need to travel far)						
Knowing that getting vaccinated will help protect others around me						
Having information that the vaccine is effective against the new COVID-19 strains or variants						
Having a choice about which vaccine I get						

19.B- To what extent did each the following influence your decision to get the COVID-19 vaccine?

Commenté [K6]: If Q16 = b

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
