iCARE Study – Survey 11

Study Description:

This study seeks to understand the experiences people are having around the world during the COVID-19 (coronavirus) pandemic. It is being conducted by an international team of over 200 researchers, led by Drs. Kim Lavoie and Simon Bacon in Canada.

Anyone can participate. The study involves completing a short survey that takes about 20 minutes to answer. You cannot save your answers and come back later, so please make sure to give yourself enough time.

Keep in mind that you can stop participating at any time. You can also skip any question you do not want to answer.

Our findings will be available to anyone at: www.iCAREstudy.com.

Anonymity and Security:

All answers will be anonymous. We will not ask anything that can identify you personally. Participating does not involve any risks.

All data will be stored for 10 years on a Canadian University server (University of Quebec at Montreal). Data will be password protected, and only accessed by authorized individuals, such as team members. We will also share data with national and international research collaborators in line with international data sharing agreements supported by the Fonds de la recherche du Québec.The study was approved by the Research Ethics Committee of the CIUSSS-NIM (Centre intégré universitaire de santé et de services sociaux du Nord de l'Île de Montréal: https://www.ciusssnordmtl.ca/).

During the study, please remember:

- A red asterisk (*) appears next to required questions. If you do not wish to answer required question, click "I don't know/I prefer not to answer" to continue.
- If you have difficulty viewing the survey, please try a different device and/or web browser.

If you have any questions, please email us at: covid19study@mbmc-cmcm.ca.

If you agree to participate, please click "Next".

Questions about COVID-19

A. INFORMATION

Please provide the following information about yourself.

1. What **country** do you live in? _____

2. How would you describe your **sex**?
   - Male
   - Female
   - Other
   - I prefer not to answer

3. What is your **age**? _____ years old

4. What is your highest level of **completed education**?
   - Primary/elementary school or less
   - Secondary/high school
   - College or University degree
   - Graduate/Postgraduate degree
   - I have never been to school
   - I don't know/I prefer not to answer

5. How would you describe your current **employment status**?
   a. Retired, homemaker
   b. Receiving support from a government program (e.g., social assistance, disability pay)
   c. Unemployed
   d. Student
   e. Part-time job
   f. Full-time job
   g. Self-employed
   h. I don't know/I prefer not to answer

6. Prior to the COVID-19 pandemic, how would you describe your **employment status**?
   a. Retired, homemaker
   b. Receiving support from a government program (e.g., social assistance, disability pay)
   c. Unemployed
   d. Student
   e. Part-time job
   f. Full-time job
   g. Self-employed
   h. I don't know/I prefer not to answer

7. How many **adults** (aged 18 years old and over) live with you at home?

8. How many **children** (aged under 18 years old) live with you at home?

Commenté [GS1]: If Canada: In which province or territory do you live?
- British Columbia
- Alberta
- Saskatchewan
- Manitoba
- Ontario
- Quebec
- New Brunswick
- Nova Scotia
- Prince Edward Island
- Newfoundland
- Northwest Territories
- Yukon
- Nunavut

If United Kingdom: What **United Kingdom territory** do you live in?
- England
- Scotland
- Wales
- Northern Ireland
- Other UK territory

If Ireland: What **county** do you live in?
- Antrim
- Armagh
- Carlow
- Cavan
- Clare
- Cork
- Derry
- Donegal
- Down
- Dublin
- Fermanagh
- Galway
- Kerry
- Kildare
- Kilkenny
- Laois
- Leitrim
- Limerick
- Longford
- Louth
- Mayo
- Meath
- Monaghan
- Offaly
- Roscommon
- Sligo
- Tipperary
- Tyrone
- Waterford
- Westmeath
- Wexford
- Wicklow

9. Are you a parent of any of these children?
    i. Yes
    ii. No
    iii. I prefer not to answer

Commenté [GS2]: If Q8 > 0

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

B. REACTIONS TO COVID-19

Different organisations, governments, and health authorities have recommended people do a variety of things to reduce and slow the spread of COVID-19 in the population. Please answer the following questions according to where you live now.

10. To what extent do you believe that the measures asked of you by your government or local health authority **are important** to prevent and/or reduce the spread of COVID-19?
    - Very important
    - Somewhat important
    - Not very important
    - Not important at all
    - I don't know/I prefer not to answer

11. What do you think of the **actions taken** by your government or local health authority to prevent and/or reduce the spread of COVID-19?
    - Too strict
    - About right
    - Too lenient
    - I don't know/I prefer not to answer

12. Please indicate the **frequency with which you have adopted each action/behaviour** in response to the COVID-19 pandemic:

ACTION or BEHAVIOUR						
	Most of the time	Some of the time	Seldom	Never	I don't know/I prefer not to answer	Not applicable
Hand washing with soap and water						
Wearing a face mask in indoor spaces (shops, restaurants, public transit, at work)						
Wearing a face mask outside						
Staying at least 1-2 metres / 3-6 feet away from other people						
Staying/working at home rather than going to work or school						
Self-quarantining if you are returning from a trip						
Self-isolating if you have the virus or believe you have the virus						
Avoiding going out to bars/pubs/restaurants						
Avoiding large social gatherings						
Avoiding small social gatherings						

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Avoiding indoor social gatherings						
Avoiding any non-essential travel						

13. How important do you think the following behaviours are in response to the COVID-19 pandemic?

ACTION or BEHAVIOUR					
	Very important	Somewhat important	Not very important	Not at all important	I don't know/I prefer not to answer
Hand washing with soap and water					
Wearing a face mask in indoor spaces (shops, restaurants, public transit, at work)					
Wearing a face mask outside					
Staying at least 1-2 metres / 3-6 feet away from other people					
Avoiding large indoor social gatherings					
Avoiding small indoor social gatherings

C. VACCINATION

14. Have you received a COVID-19 vaccine?
    a. No
    b. Yes, partially (one dose out of a two dose vaccine)
    c. Yes, two doses out of a two dose vaccine
    d. Yes, a single dose of a one-dose vaccine
    e. I don't know/I prefer not to answer

15. If a vaccine for COVID-19 were available to you today, what is the likelihood that you would get vaccinated?
    a. Extremely likely
    b. Somewhat likely
    c. Somewhat Unlikely
    d. Extremely unlikely
    e. I don't know/I prefer not to answer

Commenté [K3]: If Q14 = a, e

16. Will you get a COVID-19 vaccine if it is available to you?
    a. Yes
    b. No

Commenté [SLBD4]: If Q15 = d or e

17. How concerned are you about how long it will take for you to receive the vaccine?

- Extremely concerned
- Somewhat concerned
- Not very concerned
- Not at all concerned
- I don't know/prefer not to answer

Commenté [K5]: If Q14 = a, e

18. To what extent would the following influence your decision to get the COVID-19 vaccine?

Commenté [K6]: If Q14 = a, e

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
Trusting the company who developed the vaccine (Pfizer, Astra-Zeneca, Sinopharm, etc.)						
Having information that the vaccine is safe and unlikely to have any major long-term side effects						
Having information that the vaccine is effective (i.e., provides a high degree of protection)						

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Believing that I am high risk of getting infected with COVID-19						
Hearing that other people have positive attitudes towards the vaccine						
Seeing more people getting the vaccine						
Learning that being vaccinated would allow me to go to restaurants/bars, attend public events (e.g., concerts, sporting events) or travel						
Wanting to do my part to achieve 'herd immunity' (when enough people are vaccinated everyone is protected)						
Getting a recommendation from my employer to get vaccinated						
Only needing one dose of the vaccine to be protected						
Getting my doses according to the recommended schedule (e.g., within 4-6 weeks for 2 dose vaccines)						
Believing that getting vaccinated would reduce my worries and anxiety						
Getting a recommendation from my doctor to get vaccinated						
The convenience of getting the vaccine (e.g., requires little time, no need to travel far)						
Knowing that getting vaccinated will help protect others around me						
Having information that the vaccine is effective against the new COVID-19 strains or variants						
Having a choice about which vaccine I get						
Getting clear and consistent vaccine information from my government (safety, efficacy, etc.)						

19. To what extent did each the following influence your decision to get the COVID-19 vaccine?

Commenté [K7]: If Q14 = b, c, d

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Knowing that I will be getting the doses at the times suggested by the companies						
Getting clear and consistent vaccine information from my government (safety, efficacy, etc.)						

20. When your **second dose** is available to you, how likely are you to get it?
    - Extremely likely
    - Somewhat likely
    - Somewhat Unlikely
    - Extremely unlikely
    - I don't know/I prefer not to answer

Commenté [K8]: If Q14 = b

21. To what extent will the following influence your decision to get your **second dose** of the COVID-19 vaccine?

Commenté [K9]: If Q14= b

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
Trusting the company who developed the vaccine (Pfizer, Astra-Zeneca, Sinopharm, etc.)						
Having information that the vaccine is safe and unlikely to have any major long-term side effects						
Having information that being fully vaccinated is more effective (i.e., provides a higher degree of protection)						
Believing that I am high risk of getting infected with COVID-19						
Hearing that other people have positive attitudes towards the vaccine						
Seeing more and more people getting fully vaccinated						
Learning that being fully vaccinated would allow me to go to restaurants/bars, attend public events (e.g., concerts, sporting events) or travel						
Wanting to do my part to achieve 'herd immunity' (when enough people are fully vaccinated everyone is protected)						

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Getting a recommendation from my employer to get fully vaccinated						
Believing that getting fully vaccinated would reduce my worries and anxiety						
Getting a recommendation from my doctor to get fully vaccinated						
The convenience of getting the vaccine (e.g., requires little time, no need to travel far)						
Knowing that getting fully vaccinated will help protect others around me						
Having information that being fully vaccinated is more effective against the new COVID-19 strains or variants						
Getting clear and consistent vaccine information from my government (safety, efficacy, etc.)						

22. If a booster dose of vaccine (an extra administration of a vaccine after an earlier dose) was required, how likely are you to get it?
    - Extremely likely
    - Somewhat likely
    - Somewhat Unlikely
    - Extremely unlikely
    - I don't know/I prefer not to answer

23. Have any of your children under 18 received a COVID-19 vaccine?
    a. No
    b. Yes, partially (one dose out of a two dose vaccine)
    c. Yes, two doses out of a two dose vaccine
    d. Yes, a single dose of a one-dose vaccine
    e. I don't know/I prefer not to answer

Commenté [K10]: If Q9 = Yes

24. If a vaccine for COVID-19 were available for your child/children, what is the likelihood that you would get them vaccinated?
    - Extremely likely
    - Somewhat likely
    - Somewhat Unlikely
    - Extremely unlikely
    - I don't know/I prefer not to answer

Commenté [K11]: If Q23 = a, e

25. To what extent would the following influence your decision to get your child/children vaccinated?

Commenté [K12]: If Q23 = a, e

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I	Not applicable

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

					prefer not to answer	
Trusting the company who developed the vaccine (Pfizer, Astra-Zeneca, Sinopharm, etc.)						
Having information that the vaccine is safe and unlikely to have any major long-term side effects						
Having information that the vaccine is effective (i.e., provides a high degree of protection)						
Believing that my children are at high risk of getting infected with COVID-19						
Learning that being vaccinated would allow them to go to back to in person schooling						
Learning that being vaccinated would allow them to go to restaurants, attend public events (e.g., concerts, sporting events) or travel						
Wanting to do my part to achieve 'herd immunity' (when enough people are vaccinated everyone is protected)						
Only needing one dose of the vaccine to be protected						
Knowing that if they were vaccinated, I wouldn't have to worry about them as much						
Getting a recommendation from my child's doctor that they should be vaccinated						
The convenience of getting them the vaccine (e.g., requires little time, no need to travel far)						
Knowing that getting them vaccinated will help protect our family members						
Having information that the vaccine is effective against the new COVID-19 strains or variants						
Having a choice about which vaccine they get						
Knowing that they will be getting the doses at the times suggested by the companies						

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Getting clear and consistent vaccine information from my government						

26. To what extent did the following influence your decision to get your child/children vaccinated?

Commenté [K13]: If Q23 = b, c, d

	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
Trusting the company who developed the vaccine (Pfizer, Astra-Zeneca, Sinopharm, etc.)

Vaccine passports

28. Immunization or vaccination records (vaccine passports) have been suggested as a way to resume international travel. How do you feel about the idea of using vaccine passports for this?
    a. Strongly in favour
    b. Moderately in favour
    c. Moderately against
    d. Strongly against
    e. I don't know/I prefer not to answer

29. How do you feel about the idea of using vaccine passports as a way to go to restaurants/bars, and attend public events (e.g., concerts, sporting events)?
    a. Strongly in favour
    b. Moderately in favour
    c. Moderately against
    d. Strongly against
    e. I don't know/I prefer not to answer

30. How do you feel about the idea of using vaccine passports as a way to return to the workplace?
    a. Strongly in favour
    b. Moderately in favour
    c. Moderately against
    d. Strongly against
    e. I don't know/I prefer not to answer

31. If you could get a vaccine passport after receiving the vaccine, would this influence your decision to get vaccinated?
    a. It would make me more likely to get vaccinated
    b. It would not influence my decision to get vaccinated at all

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

c. It would make me less likely to get vaccinated
d. I don't know/prefer not to answer

32. If you got, or when you get, the COVID-19 vaccine, how often do you intend to continue engaging in other virus-protective behaviours (e.g., mask wearing, social distancing)?
    a. Most of the time
    b. Some of the time
    c. Seldom
    d. Never
    e. I don't intend to get the vaccine
    f. I don't know/I prefer not to answer

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

D. VIEWS SURROUNDING COVID-19

In this section, we ask questions about your views surrounding COVID-19.

33. For each of the following, please rate the extent of your **concern** about each situation:

Potential Concern	**Personal Level**					
Because of COVID-19, I am concerned about …	To a Great Extent	Somewhat	Very Little	Not at All	I don't know/I prefer not to answer	Not applicable
… being infected myself						
… the impact of being infected on my health, including dying						
… losing my job / family income						
… not having enough money for food and/or rent						
… gaining weight						
… going back to work or school						
…not being able to go to school or university						
… infecting other people I live with						
… infecting other people in the community						
… a person I live with being infected and/or dying						
… a family member I don't live with being infected and/or dying						
…not being able to see my friends and/or family						
…not being able to have romantic and/or sexual relationships						
…the healthcare system becoming overloaded/not being able to care for the sick						
… my country going into an economic recession/depression						
… how long it will take for things to "go back to normal"						
… the increased health risks associated with new variant strains						
… vaccines being ineffective against new variant strains						
…my country opening its borders to international travel						

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

34. Do you know anyone personally that got very sick or died from COVID-19?

- Yes
- No
- Prefer not to answer

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

E. IMPACTS OF COVID-19

35. COVID-19 has affected several aspects of people's lives. Please rate the extent to which COVID-19 has impacted the following aspects of your life over the **last month**:

Potential Impact	**Personal Level**					
Because of COVID-19…	To a great extent	Somewhat	Very little	Not at all	I don't know/I prefer not to answer	Not applicable
…my overall mental health has declined						
…I have felt nervous, anxious, or worried						
…I have felt sad, depressed, or hopeless						
…I have felt lonely and isolated						
…I have felt irritable, frustrated or angry						
… I have felt worried about my body weight						
… I have cancelled medical appointments or going to the emergency room for a non-COVID-related problem						
…I have lost my job or had to close my business						
…I have had my job hours cut/lost income						
…I am working more than before COVID-19						
…I have been unable to pay my rent/mortgage						
…I have been unable to pay for food						
…I have had more physical fights or arguments with family members or people I live with						
…I have gotten separated or divorced						
…I have had trouble getting non-COVID-19 related medical care						
…my overall physical health has declined						
…my country has gone into an economic recession/depression						

36. In general, how have the following behaviours changed **since the start** of COVID-19?

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

Behaviour	I do this a lot more	I do this more	I do this as much as before	I do this less	I do this a lot less	I don't do this	I don't know/I prefer not to answer
Doing physical activity							
Eating a healthy diet							
Drinking alcohol							
Smoking cigarettes							
Vaping or using electronic cigarettes							
Using recreational drugs (e.g., marijuana, cocaine, opioids, hallucinogens, etc.)							

37. Since the start of the COVID-19 pandemic my body weight has_____**:**

- Increased a lot
- Increased a little
- Remained the same
- Decreased a little
- Decreased a lot
- I don't know/ I prefer not to answer

38. How has your **overall quality of life changed** as a result of the COVID-19 pandemic?

- It's gotten much better
- It's gotten better
- It's remained the same
- It's gotten worse
- It's gotten much worse
- I don't know/I prefer not to answer

39. How have the changes in your children's schooling impacted your work?

- There has been no change to my work because of my children's schooling
- I am working the same hours but my schedule has changed a lot because of my children's schooling
- I am still working, but I have had to reduce my hours because of my children's schooling

Commenté [K15]: If Q5 = e, f, or g AND Q9=I

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

- I have stopped working because of my children's schooling
- I am still working, but I have had to increase my hours because of my children's schooling
- I don't know/I prefer not to answer

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

F. SOURCES OF COVID-19 INFORMATION

In this section, we ask about the **sources of information** you rely on for your information on COVID-19.

40. Please rate your level of trust in the following people and organisations who have provided information about COVID-19:

	I trust to a great extent	I trust somewhat	I do not trust	I do not trust at all	I don't know/I prefer not to answer
My national political leader					
My regional political leader					
My local health authorities					
My doctor or healthcare professional					
The World Health Organization (WHO)					
Scientists and scientific organisations					
Famous people (actors, athletes, musicians)					
A community/religious/cultural leader					
Friends, family, colleagues					

This work is licensed under CC BY-NC-SA 4.0. To view a copy of this license, visit https://creativecommons.org/licenses/by-nc-sa/4.0

G. COVID-19 TESTING

41. Do you know or think that you have been **infected** with COVID-19?
    a) No
    b) Yes, but I have recovered
    c) Yes, and I am still having symptoms
    d) Yes, but I am not having symptoms
    e) I don't know/I prefer not to answer

42. For how long have you been having symptoms from COVID-19? _____

Commenté [SLBD16]: Open question, numeric in months

Commenté [K17R16]: If Q41 = c

43. Do you think that you are at a high risk of being **infected** with COVID-19 in the future?
    - No
    - Yes
    - I don't know/I prefer not to answer

44. Have you tried getting **tested** for the virus?
    - No
    - Yes, and I got tested
    - Yes, but I did not get tested
    - I don't know/I prefer not to answer

45. Why did you try to get tested for the virus (check all that apply)?

Commenté [K18]: If Q44 = Yes, and I got tested

    a) I had symptoms of COVID-19 (fever, cough, sore throat, sneezing)
    b) I provided care for a person with COVID-19 (probable or confirmed)
    c) I had close contact with a person with COVID-19 (probable or confirmed)
    d) I returned from international travel
    e) I was worried and wanted peace of mind
    f) My workplace requested it
    g) Other _____
    h) I don't know/I prefer not to answer

46. Have you ever tested positive for the virus?

Commenté [K19]: If Q44 = Yes, and I got tested

    a. Yes
    b. No
    c. I am still waiting for my result
    d. I don't know/I prefer not to answer

47. Some governments are or will be using contact tracing applications on mobile/cell phones to inform users that they have been exposed to someone who tested positive for COVID-19. Please indicate the answer which best describes your current situation.

    a) My government has introduced a contact tracing app and I have downloaded it
    b) My government has introduced a contact tracing app and I have not downloaded it
